Subject-Specific Academic Resource Guide

Last updated January 2019

Student Academic Success Services (SASS) provides support in learning and writing across disciplines, to all students. This document is intended to complement our broad-ranging support with academic resources more closely tied to specific subjects. It is also available online at sass.queensu.ca.

If you have a resource you think we should include, please tell us about it!

General Academic Support

Student Academic Success Services

- **Student Academic Success Services (SASS)** comprises Learning Strategies and the Writing Centre. This free and confidential service, located in Stauffer Library, offers workshops, one-on-one consultations, and [practical online tips](http://sass.queensu.ca). SASS helps all students—struggling and high-achieving, 1st-year to PhD—improve their writing, learning, organization, and studying skills.
- SASS also provides English as an Additional Language (EAL) students one-on-one support in academic language (reading, writing, speaking, and listening). To request an initial appointment, [complete the online form](http://sass.queensu.ca).

GAELS Athletics Tutoring Program

- Tutoring opportunities are available for all student-athletes enrolled at Queen’s University through Athletics & Recreation by contacting the Coordinator, Athlete Services. This service is **FREE** for all varsity-athletes who are included on the team [eligibility certificate](http://sass.queensu.ca).
- Tutors are available for most first-year courses. Upper-year course tutoring availability will depend on the course. Contact [gaels.tutor@queensu.ca](mailto:gaels.tutor@queensu.ca) or the Athletics [website](http://sass.queensu.ca) for more information or to request a tutor.

QSuccess Mentors

- This program offers first year students the opportunity to be matched with a knowledgeable upper year mentor who will provide one-on-one support throughout the academic year. First year students can [register for Q Success](http://sass.queensu.ca) online.
- Upper year students who would like to request a mentor can apply for the Student Experience Office’s [peer mentorship program](http://sass.queensu.ca).

Subject Liaison Librarians

- The research librarians offer **specialized support for students, based on subject areas of expertise**. If you need help researching a topic for a paper or navigating the numerous databases and keyword types, their guidance will ensure that you find the most relevant and helpful sources—and save you hours of frustration!

Queen’s University International Centre (QUIC)

- The QUIC provides support for International Students in many ways. In addition to International Student Advising and lots of social activities, they provide a number of academic support services. They run an Academic English Writing Skills clinic and a weekly English Conversation Group, and host SASS workshops in academic skills. The Intercultural Awareness Certificate is also a great experience for all students looking to develop their intercultural skills. Check the [QUIC Events Calendar](http://sass.queensu.ca) for dates and times.
Faculty of Arts and Science

- Arts and Science Undergraduate Society (ASUS) peer tutoring is a student-organized service that partners student tutors with those looking for a tutor in a variety of Arts and Science courses. Tutoring fees are $15/hour and bursaries are available for students in financial need. Questions regarding tutoring can be directed to academics@asus.queensu.ca. Sign up here.

- Bounce Back is an academic support program for first-year undergraduate students in the Faculty of Arts and Science who acquire a GPA below 1.6 after the fall term. Eligible students will receive an email in January inviting them to participate.
  - Students who opt into the program will be matched with a trained upper-year peer mentor called a Bounce Back Coach. Coaches will work individually with each participant to help them identify the source(s) of their academic challenges, set new goals, and identify strategies to achieve those goals over the course of the winter term.
  - The program runs for up to 12 weeks (January to April). More information can be found on the Student Experience Office website.

- Peer Academic Support Services (PASS) is a volunteer service that eases the transition into university and promotes academic success. Peer Advisors address issues such as scheduling, plan requirements, SOLUS, and course selection in confidential, non-judgmental advising sessions. PASS is located on the First Floor of Dunning Hall and is available Monday to Friday from 9:00 a.m. to 12 p.m. and 1 p.m. to 4:00 p.m. No appointment necessary.
  - If you have questions about degree programs, requirements for dual degrees, letters of permission to take courses at other universities, appeals, etc., you may prefer to make an appointment with an academic advisor.
Departmental Support

Biochemistry

- Biochemistry Peer Assistance Program: A program where undergraduate students can get advice from upper year students who are currently in, and understand the demands of, the program [here](#).
- Peer tutoring services are subject to availability and can be requested through the department. Email [lifesci@queensu.ca](mailto:lifesci@queensu.ca) or [biochem@queensu.ca](mailto:biochem@queensu.ca), tell them for which course(s) you require a tutor, and they will send you a list of potential tutors. You and the tutor will discuss your needs and their payment. Note that the tutoring is only available for the Department of Biomedical and Molecular Science courses when there are graduate students available.
- Occasionally the LifeSci/BCHM student council runs drop-in sessions, but these are not a formalized process.
