

UNDERGRADUATE & GRADUATE STUDENTS

Learning Strategies & the Writing Centre offers professional one-to-one consultations for students seeking excellence in their writing, study skills, graduate work, and much more.

Book an appointment online at <http://queensu.mywconline.com> with *Learning Strategies* to talk with a knowledgeable professional about study habits and strategies, time management, exam prep, academic stress, or how to strengthen any aspect of your learning experience.

Book an appointment online at <http://queensu.mywconline.com> with the *Writing Centre* to talk with a knowledgeable professional about thesis development, organizing your paper, grammatical concerns, how to write a critical or literature review, or any other aspect of your writing at Queen's.

ESL Support

Our ESL programs feature one-to-one personalized consultations focusing on writing, speaking, listening, and reading skills. Email Donna Katinas at katinasd@queensu.ca to book an introductory consultation. sass.queensu.ca/writingcentre/international/

FACULTY, STAFF & TAs

We know you can't always cover writing as much as you'd like in your courses, but in consultation with you, we can design a course-specific workshop for your students focusing specifically on

- Writing style
- Critical thinking
- Grammar
- Effective exam preparation
- Public speaking
- Integrating research
...and much more!

Ask colleagues in almost any discipline how helpful SASS's workshops have been for *their* students! To plan a workshop go to

<http://sass.queensu.ca/writingcentre/request-a-writing-workshop/>

or email valerie.ashford@queensu.ca.

To help your students meet their writing goals and master their learning techniques, encourage them to make appointments at **Learning Strategies & the Writing Centre**.

PEER SUPPORT

Peer Mentors

Peer Mentors provide both academic and personal support to fellow students in a one-to-one coaching and mentoring relationship to help students develop successful university skills. Students first meet with the Coordinator and are carefully matched with a Mentor. We support students in all years and all programs.

Peer Writing Assistants

PWAs volunteer at the Writing Centre to help other students develop their writing skills through workshops and one-to-one consultations.

Biology Peer Writing Assistants

Bio PWAs help students in Biology 102/3 improve their lab report writing skills.

Peer Learning Assistants

PLAs help students learn how to be more productive and effective learners by facilitating learning strategies workshops and providing drop-in academic coaching.
